

.22 Rifle Silhouette Results Oak Hills Range 8/11/18

We had 12 shooters who shot 16 rounds in 4 relays. The weather was great, with light winds. Special thanks to Dan Reints who signed in shooters, prepared targets and kept general order. Also thanks to Fred Larson for bringing his trailer in case we needed it to set up. New this year is a front bag only support classification while using the bench. It's very useful to verify scope settings/picture, and for new shooters Sorry if I misspelled your name. Next Oak Hills silhouette shoot will likely be 4/19. Watch for an upcoming Milan shoot. Until then re-zero and clean those rifles!
