

## .22 Rifle Silhouette Results Oak Hills Range 7/6/19

We had 16 shooters who shot 24 rounds in 6 relays. The weather was great, although humid with light winds. Special thanks to Pat Tulon who signed in shooters. Also, thanks to Mike Craig for use of his mule to set up/tear down. This is the second year for a front bag only support classification while using the bench. We had a number shooters using the support. Sorry if I misspelled your name. Next Oak Hills silhouette shoot will be on 8/6. This was the first use of the AR500 3/8ths chicken targets, which worked well. We will evaluate further target upgrade. Thanks for coming!
